

Allen,

18 FEB '97

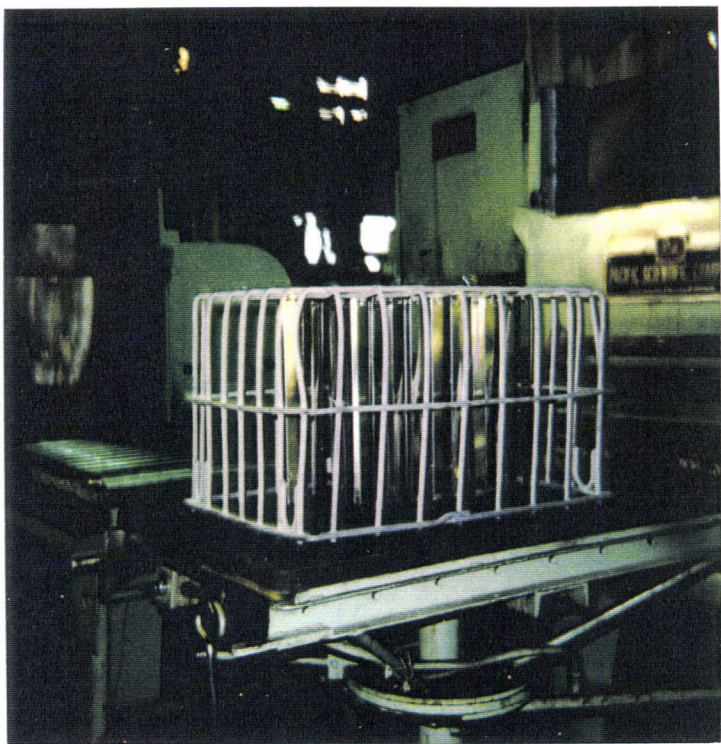

Enclosed are pictures taken by Dee Sedgwick during his recent stay at Seattle.

The steam cleaner shown in photo I is the new equipment (replacement and Dee tells me that has an actual flame burner for heating H_2O).

Photo A shows the rack and how the "coupons" were hung on a rack before moving into an oven for "heat treating". Other "letter" photos show the oven used for baffles.

Regards

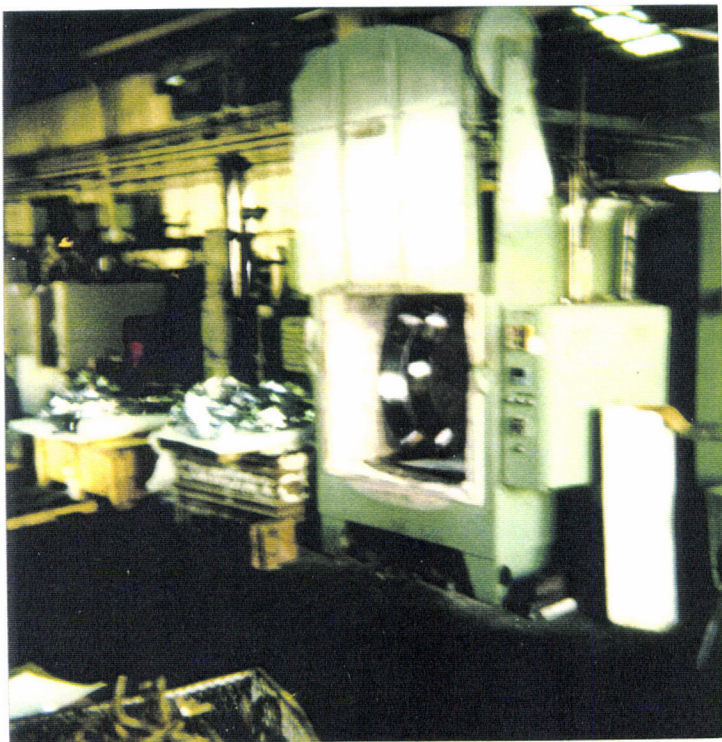

Bill Tyler
