The physical characteristics and performance capabilities of Epoxy's products will be in conformance with Epoxy Technology's Standard Specification signed by the customer, or if no Standard Specification has been signed, the data sheets supplied with each delivery of the Products. No other specifications, drawings or quality clauses shall be binding or applicable.

Customer hereby acknowledges that performance properties (rheology, conductivity, others) of the Products may vary from those stated on the data sheet when bi-pak/syringe packaging or post-processing (e.g. high shear mixing, de-gassing, outside of Epoxy's standard recommendations) of any kind is performed. Epoxy's warranties shall not apply to any products that have been reprocessed or repackaged from Epoxy's delivered status/container into any other containers of any kind, including but not limited to syringes, bi-paks, cartridges, pouches, tubes, capsules, films or other packages.

All products delivered by Epoxy are referenced solely by Epoxy's product name. Any reference to another name, number or designation – including the customer's internal name, number or designation—is solely for the customer's convenience. Epoxy makes no warranty that any such alternative designation is accurate.

**Precious Metal Surcharges apply**

PMS charges are subject to change weekly and without notice
